We are a Husband and Wife Team that live in Winchester with our daughter, Nina, and golden retriever (office dog) Bassier. We love being part of the community and everything Winchester has to offer. We truly care about our patients and strongly believe in “treating your family like our family”, building life long relationships with our patients.

Dr. Niels Oestervemb, DDS, MsC, ABGD, FAGD

I graduated as valedictorian from the Royal Dental College, earning my Doctor of Dental Surgery degree. I was also granted a scholarship doing clinical research achieving my Masters degree with an emphasis on Esthetic Dentistry. After graduation I finished a 1 year General Practice Residency followed by a 1 year Fellowship in Advanced General Dentistry at the University of Iowa Hospitals and Clinics. I was then an associate Professor teaching students and residents for 4 years before moving to Winchester.

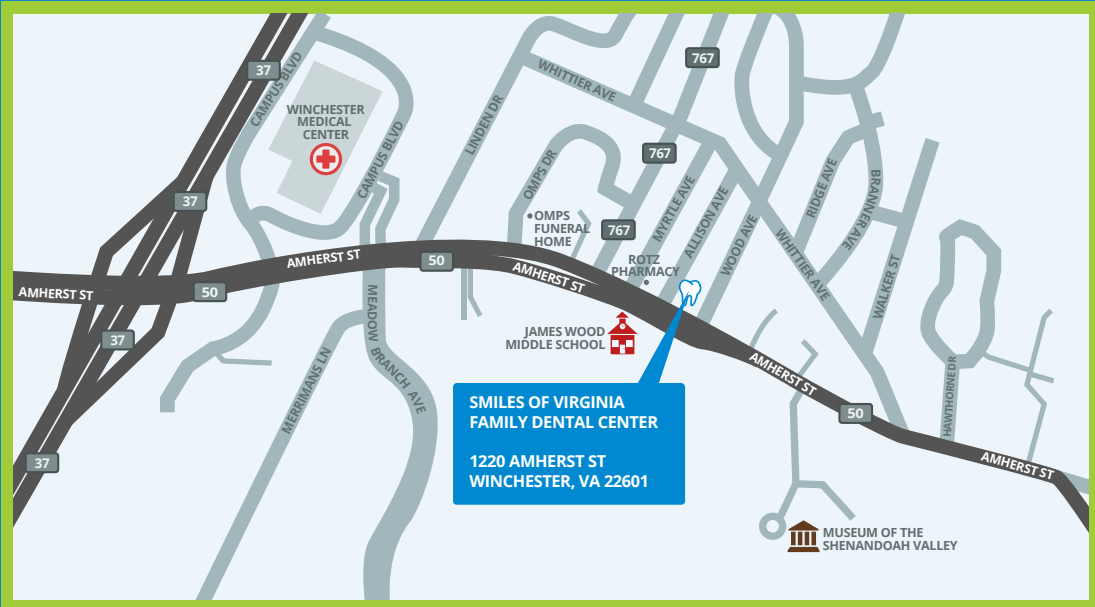

My training at Iowa allowed me to learn from some of the best specialist in the country. I put this to the test in 2015 when I became certified by the American Board of General Dentistry (ABGD). Only 0.5% of dentist become certified by the ABGD.

My primary area of focus is oral surgery (including wisdom teeth), IV sedation, orthodontics and Full mouth rehabilitations. Due to my years of advanced training and teaching experience I also do a lot of 2nd^opinions trying to help patients get out of pain or to get their smile back. I love traveling, cooking and spending time with my family. If you have any favorite recipes to share I would love to know when you come to our office.

Dr. Amber DeWeerd DDS

I earned my dental degree from the University of Iowa College of Dentistry. This is the only Dental School in the U.S. that offers programs in all the dental specialties. I see patient of all ages, but for me the children have always had a special place in my heart, and I really enjoy getting kids to feel good about their smile. I also focus on restorative and cosmetic dentistry including crowns, bridges and veneers. I grew up on a small farm on the Iowa/South Dakota border where we had cattle, alfalfa and too many loveable pets to mention them all. I have always enjoyed spending time outdoors, being active, but I also like a good book. I also love food and enjoy baking

I am always open to ideas on place to hike or visit as we both love to see new places. So when you come visit if you have any great restaurants, hikes, or lake/vacation spots let us know!
